

TENIMENTI CIVA OPENS ITS ONLINE WINE SHOP

Autore: [wpv-post-coauthors]

The Tenimenti Civa Wine Shop opens its doors today, offering wines from three excellent product lines: Vigneto Bellazoaia, Collezione Privata and Ronc Zoiis.

The online shop seemed to be the best way to allow wine lovers to purchase our wines, given the current situation and social distancing requirements.

Wine lovers can make their purchases directly in the Wine Shop after completing free registration.

The minimum order is twelve bottles, but it is also possible to compose mixed cases with twelve or more assorted bottles.

The delivery costs are fully covered by the winery.

It is also still possible to buy our products at the winery, where the pleasure of tasting can be combined with a visit to the surrounding area. Visitors can walk through the vineyards and listen to experts and their fascinating accounts of life among the rows and in the cellar.

Come and see us, then, either online <https://wineshop.tenimenticiva.emistaging.19.coop> or in the cellar in Bellazzoia di Povoletto in Via Subida, 16 and on social profiles, Facebook and Instagram, where experience is transformed into emotions. Aromas and flavours of wines that involve the senses.
